Hear more from our veterans about this life changing program!

**EBV exceeded my expectations. I would recommend this training to any Veterans that plan to start their own business. I truly feel blessed to have been a part of this program and plan to share this program with as many people as possible. This is the best program I have ever attended that assists veterans.**

**This is the biggest achievement and most notable program I've had the opportunity to participate in.**

**EBV surpassed my expectations drastically, I don't even feel like the same person anymore, almost like I went forward in time. I never expected to be welcomed into such a supportive community, super grateful.**
